

1. K-Love serves my family as a resident in this community. We listen to it often and appreciate being able to listen to it with my daughter.
2. I am concerned about the effects of K-Love being displaced by an LPFM station. K-Love provides such a beneficial, uplifting service to this community.
3. It is in this community's best interest to continue to allow K-Love on the air because there are no other Christian music stations for us to listen to with our families.
